Public Input/Correspondence: Pat McNall and Toni Jiwatram are here as representatives for the Library Trustees. The payroll on their proposed budget was not what they received. Dave Shea, SB member, asked what the discrepancies were. Toni stated that the discrepancies had to do with adding additional hours for the Program Planner and Town Librarian and the percentage of pay raise for the Librarian. It states in "The Law of Public Libraries" the Selectboard/Town manager may not set the librarian's salary, determine the hours of operation for the library or direct how the library's money is to be spent. Deb Woodward, TC & Treas., stated that the deadline has passed to make changes to the budget.

2.3.14 Minutes Cont.:

Gabe Handy - Senior Housing

Mr. Handy comes in this evening to discuss w/s meter reading for the senior housing complex. He referred to a letter written by him to the Board in September of 2012, asking the Board to consider continuing with the same arrangement as the settlement with one water charge and one sewer charge. He stated that he never received a response. On January 23, 2014, he called Randy. Randy said he would fax over the changes to the Water & Sewer Ordinance, dated March 18, 2013. He would like to continue with the same set-up as the last four years. He also discussed the utility bill from January 2, 2013 through March 31, 2013. Mr. Handy asked the Board to waive the bond payment until the Board can render a decision.

*Chris made a motion to have Tom Fontaine contact the town attorney to explore any and all possibilities for a resolution amicable to all parties. Randy asked for a discussion prior to contacting the attorney. The motion did not receive a second and therefore failed.

Amy Sears, Utility Manager, asked that Mr. Handy put what he's asking for in a letter. Mr. Handy stated that he has already done that. Ann asked for all invoices in a presentation format with current and potential numbers that he's showing so it's on one piece of paper with any other input that he may have.

GOAL: Before the due date of his next quarterly bill, we will have an answer for Mr. Handy on how we're going to handle this as far as waiving the additional fee for this quarter until a determination is made by the attorney that we all agree on. We will reply back by a letter as well as a phone call to Mr. Handy by April 1st.

The Chair was turned over to Chris Santee, Vice-Chair for the following report.

Randy DeVine, W/S Superintendent

Randy handed out his activity report for January. Pump #2: Randy thinks there's a dead spot in the armature and he thinks it will have to be pulled. Manhole log inspection information was provided by Randy and reviewed. Dave asked Randy what a reasonable timeframe was for finishing the manhole inspections. The priority list for Vermont Clean Water State Revolving Fund - State Fiscal Year 2014 Pollution Control Priority List from Dubois & King reviewed. Randy will contact D&K to update the information on the list.

Dave wanted it to go on the record, once again, that it's very frustrating, that it's an injustice that the SB Chairman is also the W/S Superintendent. He thinks it's unfortunate that we've asked for the condition of manholes, how many there are, for over the last two years that he's been on the Board and only at the very last meeting before he leaves they're being produced. There's no indication of any failures, he can't produce how many have been done. We don't really know what they are, there are no pictures of anything here. We've been told to go on trust by a department that's been fiscally mismanaged for years. How can I trust a department that loses money year after year, that hasn't had an increase in customers in years, that's also increased their labor numbers?
